

Guys, the time is now!

21st Century Urology is blocking off time right before the NCAA basketball tournament to perform vasectomies.

We are even throwing in a free pizza from Aurelio's and, of course, a bag of frozen peas. Just think, **the perfect excuse to sit around, relax, and enjoy the games!**

Robert Bonzani, MD, and Tony Mammen, MD, are urologists who specialize in the “no scalpel”/“no needle” vasectomy technique.

Schedule your consultation today so we can book your vasectomy during the NCAA basketball tournament—from March 17th through the finals.
